

A Celebration of Excellence

2005

NISOD Excellence Awards

The National Institute for Staff and Organizational Development
Community College Leadership Program
Department of Educational Administration
College of Education
The University of Texas at Austin

Foreword

The history of community colleges is filled with statements of mission and purpose that emphasize the centrality of teaching excellence. And, truly, no institution of higher learning requires such a priority in its mission—given the critical task of serving well all students who enroll through its doors of “open access.”

Since its beginning in 1978, the National Institute for Staff and Organizational Development (NISOD) has emphasized the importance of teaching excellence in open-door settings. Our conferences, workshops, and publications endeavor to reinforce the primacy of teaching and to celebrate instructors and programs that make good on the promise of the open door.

In 1989, in connection with a University of Texas national study of teaching excellence, NISOD hosted its first ceremony, held in conjunction with our annual International Conference on Teaching and Leadership Excellence, honoring and naming the individuals featured in this study as recipients of the NISOD Excellence Award. The response to that ceremony was so positive that we decided to begin what has become a celebratory tradition.

Early each academic year, we ask NISOD presidents to submit the names of individuals their colleges wish to recognize for teaching excellence. Selection criteria are left to the discretion of each institution. All individuals whose names are submitted are recognized as NISOD Excellence Award recipients. A special ceremony, featuring a video presentation to honor the recipients, is held on the final day of the annual NISOD conference; all recipients are featured in the awards booklet and presented with a medallion that has been specially cast in their honor. (Those unable to attend the conference receive the medallion and booklet by mail.)

We are indebted to NISOD colleges for their continuing support of this annual celebration. The Excellence Awards tradition allows NISOD the distinct privilege of honoring so many of our community colleges' best. NISOD tips its Texas-sized hat to the 2005 Excellence Awards recipients!

Dr. Margot Perez-Greene

Director, National Institute for Staff and Organizational Development

Congratulations to the recipients of the
2005 NISOD
Excellence Awards
