

ENGAGE WITH NISOD

NISOD's activities and programs are based on the premise that teaching excellence is a result of concerned and focused leadership, increased awareness and use of adult learning principles, exemplary teaching practices and technologies, and a profound commitment to student success.

Below are ways to become more involved with NISOD and make the most of your membership.

Ways to Engage

Attend or Facilitate a Webinar

Our Monthly Webinar series is led by community and technical college leaders and other experts in the field, and enables faculty members to conveniently learn about best practices and research related to effective teaching. Share or learn about research and programs without ever having to leave your living room (or office, or favorite coffee shop, or...you get the picture).

Present at #NISOD2020

Address important issues facing today's community and technical colleges by presenting a Breakout Session, leading a Roundtable Discussion, or facilitating a Preconference Seminar at next year's annual conference.

Subscribe to NISOD's Weekly Digest

NISOD's Weekly Digest is a curated e-newsletter that features recent news, reports, articles, and events related to community and technical colleges. Stay on top of the latest developments in the world of community and technical colleges with convenient Monday delivery.

Read or Contribute to The NISOD Papers

The NISOD Papers, an occasional publication, is NISOD's version of a white paper series that educates our audience or explains a particular issue relevant to community and technical college educators.

Read and Write for Innovation Abstracts

NISOD's flagship teaching and learning publication, *Innovation Abstracts*, is written by and for community and technical college educators. Author an essay on your best practices and successful projects or programs to enhance student learning.

Attend the 2019 Virtual Conference

NISOD's annual virtual conference consists of high-quality, handpicked sessions chosen from presentations made at NISOD's 2019 annual International Conference on Teaching and Leadership Excellence.

Participate in a NISOD/ACUE Seminar

NISOD/ACUE Seminars are designed specially for community and technical college educators. These Seminars also provide faculty members with a unique, blended-learning opportunity to earn digital badges as credit toward ACUE's Certificate in Effective College Instruction, a nationally recognized credential endorsed by and co-issued with the American Council on Education (ACE).

Peruse the Archives

Individuals at NISOD member colleges can search through over 40 years' worth of archives of NISOD publications, webinars, conference highlights, Excellence Awards celebrations, and more.

Subscribe to NISODirect

Never miss a beat: faculty, staff, and administrators at NISOD member colleges can sign up for our weekly newsletter to receive updates about and access to all of our professional development resources.
